Since 1934 the Australian Air League has been teaching young boys and girls nationwide all about aviation, while helping them develop important life skills like leadership, discipline, self confidence and teamwork.

We welcome boys and girls from the age of 8 years old from all different cultures and backgrounds. Parents and families are welcome to support or even join their local squadron as a volunteer.

Join us for an information night. Learn about the Australian Air League and get some insight from our officers and cadets on their experiences in the Air League. There will also be information available for the new squadron at Edmondson Park which is opening in March.

We look forward to your attendance.
