## **NEW SOUTH WALES GROUP EDUCATION**

**N.EDUCATION CIRCULAR No: 5  
N/EC/5/20**

**Wednesday, 11 March 2020**

### **NSW Group Regional Education Officers**

Currently there are a number of issues regarding the issuing of assessments and badges. All Officer Commanding Squadrons and Education Officers should ensure that they are sending assessment applications to the correct Regional Education Officer.

Squadrons within Wings as listed below **MUST** send their **Fully Completed Application** (Form 28) for Education Assessments to their allocated Regional Education Officer by either **Pad Form, Excel Spreadsheet version or via the National Administration System.**  
(One of the above method only after consulting your REO)

**Please note Squadrons have two weeks to complete. Week 1 is the planned exam date, Week 2 is the back up date. Squadrons *MUST* send back the assessments completed or not after the back up exam date. Failure to comply will result in cancellations.**

#### **REGION "A"**

KERR WING

MACARTHUR WING

HUNTER WING

**Group Education Officer**

**Megan Aylward**

7/2-4 Station Street

MITTAGONG NSW 2575

#### **APPLICATIONS FOR MODEL MAKING BADGES**

All modelling badges are to have a properly filled out F28 and marking sheet attached, photographic evidence may be required, photos can be sent as prints or printed on A4 paper as sent with the application or emailed separately. Note some modelling badges have a small safety related assessment which will be sent once the F28 has been received

All marking sheets can be downloaded from the modelling web page <http://nswbgmodelling.airleague.com.au>

## NEW SOUTH WALES GROUP EDUCATION SKIPPED PRE-REQUISITES

It is evident that a number of squadrons are not adhering to the set pre-requisite pathway for badges. Federal Education is cracking down to ensure that **ALL** Squadrons are adhering to the pre-requisite pathway per FEI No. 34. Federal have also issued in this instruction the following quick reference guide.

EDUCATION & AIR ACTIVITIES BADGE PRE-REQUISITE QUICK GUIDE 2019			EDUCATION & AIR ACTIVITIES BADGE PRE-REQUISITE QUICK GUIDE 2019			EDUCATION & AIR ACTIVITIES BADGE PRE-REQUISITE QUICK GUIDE 2019

						AIR ACTIVITIES - GLIDING 1	GP6, 5, 4, AAG3 & AAG2	

If members have not completed pre-requisites Squadrons are urged to ensure that this is done as speedily as possible. If this issue drags on, no exams will be issued for members who fail to meet the pre-requisites. For example, If a Squadron requests an Aircraft Construction 3 assessment for a member who has **NOT** completed General Proficiency 4 then the Aircraft Construction 3 assessment will **NOT** be issued.

## COMMUNICATION WITH REO

2019 highlighted a number of issues regarding communication between Squadrons and the Education Department. Currently there are a number of Squadrons who regularly fail to reply to GEO/REO's emails asking for information. This can not continue as it wastes time and means that easily resolved problems drag out for weeks. If you receive an email from the GEO or the REO's, please reply to it in a timely manner even if it is just an email to say you have received their question and will look into the matter.

In the case of the GEO or REO chasing up exams, failure to reply will result in the cancellation of exams. Sending assessments in the post after receiving an email is not considered an acknowledgement that you have been asked for information. Please reply to your emails.

For more information on the items listed in this circular please see the Australian Air League Manual.

Regards,

Brendan Willard  
Group Education Officer NSW Group
